4000mm High, Post Length 4900mm with 3300mm Spur Post (2410mm Post Centres)

** Delete above as required*

Construction:

Jakoustic® interlocking 'V' boards are affixed to galvanised steel I-beam posts for additional strength and rigidity, meeting not only stringent Highways Agency standards BS EN1794-1 and 2, but also ideally suited for application in exposed locations subject to high wind loading. The system is available with matching capping, counter rails and timber cladding to posts to further enhance its appearance. The complete acoustic barrier

Boards:

Jakcure pressure treated 34mm x 143mm x 4.8m (planed) boards with unique deep interlocking "V" tongue and groove joint

Posts:

Galvanised steel 'I' beam posts

Overlength steel I-beam posts for fence heights up to 5m

Base plated galvanised steel I-beam posts to bolt down to concrete base foundations

** Delete above post options as required*

Finish / Colour:

Jakcure® treated timber as standard

Planed timber finish

Installation

In accordance to manufacturers instructions
