

## TRI-GUARD® SWING GATES

Blue Double Leaf Swing Gate – Manual

Tri-Guard® gates are stylish and secure with distinctive triple-cluster pales, curved tops, and decorative steel discs. Combining anti-climb and anti-scale features, Tri-Guard® offers robust performance and aesthetics. Made from galvanised tubular steel, these gates are lightweight and decorative, yet strong and secure. They perfectly complement our Tri-Guard® fencing system.

### Features

- Available in a range of standard widths up to 10m and heights to 3m for pedestrian and vehicular access
- Pales Ø 19mm
- Horizontal rails for all gates are 60 x 40mm
- Single or double leaf options available
- Manual or automated operation
- Complete with tamper-proof that allow the gate to swing through an angle of 180 degrees (manual only)
- Square hollow section gate posts made in three sizes; 100mm, 120mm and 150mm depending on height and width of gate
- Gates over 3.5m long feature additional diagonal bracing struts

### POST OPTIONS
