

Mi-T Post®

Jacksons Fencing

Our Mi-T post® is a modern, secure, and easy to maintain galvanised steel fence post suitable for use with our framed timber fence panels. Manufactured using high quality galvanised steel in the UK with a contemporary slimline design shaped like a 'Tee', these metal posts will not rot or rust and are guaranteed for 25 years. Their innovative design means they are not visible from the front of the fence, providing a contemporary, seamless finish in any garden.

- Hot dip galvanised as standard with a 25-year service life guarantee.
- Optional anthracite grey powder coating.
- Designed for use with our framed panels*.
- Invisible on one side creating a seamless panel run from the front.
- A maintenance-free alternative to concrete that is 100% recyclable.
- Lightweight, space efficient and strong.
- Easy to Install, screwing panels in place on one side of the fence.
