## Jacksons Fencing NBS Specification

Designed to fit on top of tongue and groove effect panels and can easily slot into Jakposts. Manufactured from heavy galvanized steel, powder coated black as standard. Width: 1830 mm.

Height: 450 mm. 12 mm vertical bars with finials and collars.

Infill of the panel is tongue and groove board, the centre of the panel is given additional support with one or two 70 mm wide rails depending on fence height.

### **Convex panels:**

Variation to standard panel with arched top. A curved framed diamond trellis, which is planed finished is also available for convex panels.

### **Features:**

- Designed for use with slotted Jakposts.
- Morticed and tenoned frame for extra strength.
- Centre rail(s) for additional support.
- Stainless steel fixings.
- European Redwood 17mm thick "tongue and groove effect" boards.
- Framed.

### **Gates:**

Robust and versatile gates which gives ultimate privacy. Right hand hanging as standard. All timber is Jakcured softwood guaranteed for twenty five years, with galvanized hinges and ring latch. Double and single leaf available.

### **Installation**

In accordance to manufacturers instructions
