

# GALVANISED STEEL STATIC BOLLARDS

Ideally suited for demarcation and commercial use to prevent vehicle entry and segregation of pedestrians and vehicles the galvanised bollards can be supplied heavily galvanised to BS EN 1461 or have an additional paint finish either polyester powder coating for normal environments or marine coat for coastal or hazardous situations.

TYPE	SECTION (MM)	OVERALL HEIGHT (MM)	NOMINAL HEIGHT OUT OF GROUND (MM)	CAP	FINISH
E (Round)	Ø 178	1100 or 1500	700	Domed	Galvanised
